Figure 1-5.
Los Angeles Aqueduct System in Mono and Owens Basins

LEGEND

- Watershed boundary
- County line
- Los Angeles Aqueduct
- Hydroelectric power plant
- Groundwater pumping areas

Note: The four groundwater pumping areas depicted on this map represent approximately 175 pump-equipped LADWP wells. There are three additional wells within the town of Lone Pine that are not depicted on this map.

Sources: Adapted from DWR 1960 and LADWP 1990
